Emmanuel Ufuah

Full-Stack Developer • React & React Native

Benin City, Nigeria | ufuahemi@gmail.com | github.com/ufuah

PROFILE

Full-stack developer with 5+ years of experience designing and shipping mobile apps, web platforms and backends for businesses. Works across React Native, React and Node.js, with a focus on clean architecture, reliable payments and polished user experiences. Available for remote contract and direct-client work.

EXPERIENCE

Freelance Full-Stack Developer

Present

Render0 Studios | Benin City, Nigeria

- **PalateOasis (2025 - Present):** Food delivery platform serving multiple Nigerian cities. React Native/Expo app with animated stories and a coverflow promo carousel, wallet system, rider dispatch, live socket management, Redis-cached store menus and a FastAPI recommendation service. Shipped with EAS builds and OTA updates, plus a companion store-owner app.
- **Nockspot:** Real estate mobile app with an immersive 3D door onboarding in React Three Fiber, a Next.js admin dashboard, and a Node.js/Express/MySQL backend built from scratch with dual JWT auth and Paystack wallet and payment architecture. Deployed on a VPS with Coolify and Traefik.
- **ACS Roofings inventory and sales system:** Stock, sales, returns and exchanges platform with reservations, damage adjustments, low-stock alerts and automated period close-outs that snapshot history on a configurable cron schedule. React, Zustand, Node.js, MySQL.
- **SHIOMA HUB:** Fashion marketplace with a premium brand identity, a Seller Center dashboard and a modular TypeScript backend covering payments, job queues, caching and S3-compatible image storage with a swappable provider layer.
- **Partner portal for Pluto:** Portal that lets partners resell Pluto's cloud services to their own customers under their own brand, with customer sign-up and billing on the partner's page.
- **Hairlord Beauty (2024):** Designed and built the brand's website, hairlordbeauty.com.
